Dear Sir,

Firstly may I say that I am disappointed by the tone and language used throughout your correspondence. Your comments include parts that are extremely rude and particularly vulgar to read and I would thank you to use a civil tone on any further correspondence you may wish to send.

I have looked into your accusations alleging a conspiracy between the Fraud & Error Service, Birkenhead Benefits Centre, Appeals Service and Judge David Hewitt and I can not find any evidence to support this allegation so I will not be taking any further action.

Yours sincerely

Mr Christopher Lee
South Liverpool Fraud Manager
