

PL LEAN Training Pty Ltd - LEAN Training & Implementation

PL LEAN Training Pty Ltd

PL LEAN will help you to understand how you can maximize customer value while minimizing waste.

You will be introduced to the **PL LEAN ROAD MAP** which will guide you easily through the **LEAN** philosophy. It is a results-driven and hands on training with **LEAN** Simulation Games. After the training you will be able to apply the philosophy in your business.

Who can / should attend the workshop?

This **Lean program** is developed for anyone who would like to know how to implement **LEAN** – it can be anyone from the Senior / Middle Management team, Production team and / or Administration team.

The **LEAN program** can be adapted to any type of business so no specific education qualifications or industry knowledge is required.

Competitive Systems & Practices Overview

Competitive Systems & Practices teaches the "**LEAN culture**" to help employees see opportunities to reduce wasteful activities and add value to the organisational processes.

You need to have a communicating tool which gives accountability and responsibility. All this is done by implementing Continuous Improvement.

Delivery, Assessment Methods and Duration

Blended delivery methods are employed including workplace delivery and face to face training. This will take place at the workplace and during work hours. Assessment tasks typically include **on-the-job** observation and questioning, in-class activities and workplace-based projects.

This program is typically delivered over a 10-14 months period.

LEAN & Six Sigma

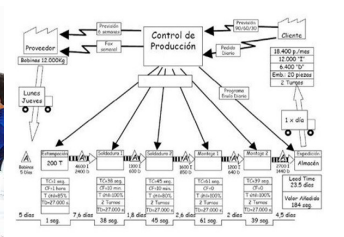

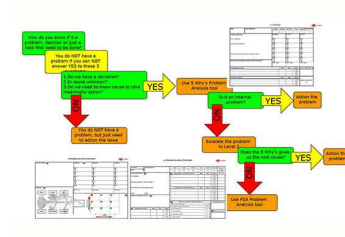

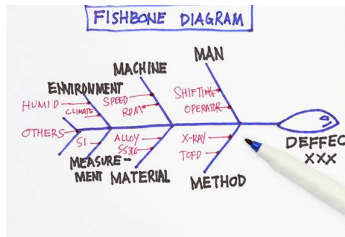

The Competitive Systems and Practices qualifications cover in detail many **Lean and Six Sigma** methodologies such as:

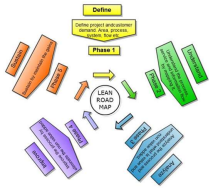

- Continuous Improvement(CI)
- Mistake Proofing
- Problem Solving
- Safety
- Kanban
- VSM
- 5S
- JIT

Eligibility / Government Funding

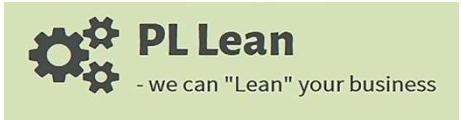

This training may be partly funded by your State /Territory Government in partnership with the Commonwealth Government.
