****Two final invitations for our Advisory Board are outstanding, 1 for a Director from a major Sponsor and 1 for a Director, Leadership Academic, expected to be resolved by our September Meeting, 2017.**

Invitation

- **All Advisory Board members** are invited to suggest additional subjects areas, for the 2018 World Congress by **September 4, 2017**

~ A motivation underlying this 2018 Congress is the belief that developments in ICT and related fields have and will continue to change the way individuals, organizations and institutions function and work in society.

While we will organize themes around the papers submitted, possible subjects to be covered include:

- AI~ Drones and Robotics(Artificial Intelligence)
- Business and eLeadership
- Communications and Telematics
- Creativity, Innovation and eLeadership
- Education for eLeadership: Primary/Secondary/Tertiary sectors
- Case studies of eLeadership
- eCommerce, eGovernance and Information Governance
- E-government, E-business and eLeadership
- Health and eLeadership
- Legal infrastructure required for eLeadership
- Nature and models of eLeadership
- Politics, Government and eLeadership
- Privacy, big data analytics and similar topics related to eLeadership
- Regional and Rural eLeadership
- Risk management for eLeadership, including information security.
- Social Media and eLeadership
- Specific ICT developments and eLeadership, eg Internet of Things, virtual reality, cloud computing, mobile developments, and AI
- **STEAM** ~ Science, Technology, Engineering, Arts and Maths in eLeadership
- Transformational change management and eLeadership

Prospective Authors

- Submitted papers should not have been published elsewhere.
- All accepted papers will be refereed through a **peer review process**.

In recognition of the **multi-disciplinary nature** of this 2018 World Congress, we are presently negotiating with several international journals to publish a selection of Congress Papers for special issues on eLeadership.

Important Dates:

- Final Proposal deadline (TBA): Please *see website* or **October, 2017 eNewsletter**
- **Submission deadline: February 5th, 2018 (6pm, London time)**
Notification of status & acceptance of paper: On or before **April 4th, 2018**

Final version of paper: *See October, 2017 eNewsletter*

Background (2014-18)

Our key pillars are still the same, based around “leading with technology” and our philosophy based in part by Alison Fine’s work and the recent (2015) **EU Review** from INSEAD for the EU Commission.

**“Complex social problems today outstrip the capacity of any single organization or individual to solve them.” ~ Alison Fine,
Co - author of *The Networked Nonprofit*.**

Raison D’Etre

“...a new type of leadership —e-leadership—is becoming essential to organisational innovation and competitiveness.” 2012-13 EU Report

Definition: We accepted during 2009(Prague) Professor Avolio’s definition below:-

“ E-leadership is defined as a social influence process mediated by **AIT** to produce a change in attitudes, feelings, thinking, behavior, and/or performance with individuals, groups, and/or organizations.

eLeadership can occur at any hierarchical level in an organization and can involve one-to-one and one-to-many interactions within and across large units and organizations. It may be associated with one individual or shared by several individuals as its locus changes over time.” (Avolio *et al*, 2000, p. 617) ~ AIT(Advanced Information and Technology)

Refer also, **British Journal of Educational Technology**, Volume 44, 2013 article **“eLeadership in Higher Education: The “fifth” age of educational technology research.” Article by one of our Advisory Board Members.**

EU 2015

“Pillar 2: Towards a Grand Coalition on e-leadership skills bringing all stakeholders together.” From *EU’s Vision Report*

Prepared by  and others for 

2015 Outcome of EU’s, 2012-13 work on eLeadership
