Treasurer's report reports only change is an increase of 3 cents in interest.

New business:

1. Ed has purchased ZoomPro for the club. It will be used for board meetings, member meetings with webinar from photographers and focus groups as needed. Several webinars are already on the calendar for members using the Zoom Pro membership. Members will need to update their Zoom apps to 5.04 to get the webinars.
2. Winyah Auditorium had roof leak so photos have been taken down and are in safe place until the auditorium is open again. Fred Giese has agreed to be in charge of that display.
3. Members will be surveyed regarding use of zoom for webinar. Library meeting rooms may be closed for long time.
4. Camera stuff donated by a member will be sold to KEH and money will be donated to FOWL.
