The programme for 2020 is shown below. The rides-with some exceptions- are on the second Sunday of the month. They are relatively leisurely (average riding speed is 10 mph) with stops for coffee and lunch. The company is good, the scenery is excellent and the cycling is mainly along quiet country lanes. All cyclists are welcome. Contact Tony (details above) for more information.

The programme is subject to change but more details of each ride will be sent out a couple of weeks beforehand.
