Dear Mr & Mrs Jessop

Thank you for your donation of £110.00 which has been allocated to the Cystic Fibrosis Research - P8509 Fund in accordance with your wishes.

Your donation will help Royal Papworth Hospital Charity support the ground-breaking work of Royal Papworth Hospital. This funding helps to ensure that the hospital provides the highest standard of care, whilst also ensuring the development of new ways of treating heart and lung disease through our investment in cutting-edge research.

Your support really does make a difference, not just for Royal Papworth Hospital, but for cardiothoracic patients around the world. Since performing the UK's first successful heart transplant in 1979, Papworth has been responsible for a great number of medical 'firsts' and with the financial support and investment provided by supporters like yourself, we hope to be responsible for many more.

We are so grateful for your support, it is greatly appreciated by everyone at Royal Papworth Hospital and will enable us to continue to move forwards as a globally renowned centre of excellence, delivering the best possible care and treatment for our patients.

Yours sincerely

Emma Bray
Charity Administrator
Royal Papworth Hospital NHS Foundation Trust
