Mrs. Milena Injac
Musical Conductor

Dear Milena:

On behalf of all the member of the Youth Symphony Orchestra of El Salvador, we would like to thank you for believing in our orchestra and each of its members. We take great pride in knowing that you recommended us at Fondazione William Walton, we made our best effort to own up this recommendation and represent our country with dignity.

Since the Youth Symphony Orchestra started eighteen years ago we have worked to promote values such as comradeship, responsibility, discipline and team work through music among Salvadoran youth. Each member of the orchestra shows great passion and commitment to their country through the hard work and effort they dedicate daily to reaching excellence and keeping up with high musical standards. It is through their dedication and great musical talent that we find tools that help us form in them true leaders that transform their reality and that of their communities.

You have become part of this endeavor through this opportunity that has recognize our efforts, and those of each member of the orchestra, to promote cultural activities and music by exposing their talent in stages outside of El Salvador. Such recognitions make us keep on the hard work on our path to reaching excellence and prestige as a social and musical program.

Thank you once, you truly hold a special place as part of our orchestra. We look forward to having you again in El Salvador in the near future.

Kind regards,

Luz Eugenia Fuentes Cuellar
Executive Director

Martín Jorge
Conductor and Musical Director
