Received Aug. 17, 2009, accepted Jan. 1, 2010

Wu, P.-C. 2010: Notes on Chinese *Homaliodendron* (Neckeraceae, Musci). — In: Koponen, T., Piippo, S. & Reinikka, E. (eds.), Dr. Ming-Jou Lai Memorial Volume. — *Acta Bryolichenologica Asiatica* 3: xx-xx.

Examination of the type material of the supposedly Chinese endemics *Homaliodendron pygmaeum* Herzog & Nog. and *H. handelii* Broth. showed that they are taxonomic synonyms of *Pinnatella anacamptolepis* (Müll. Hal.) Broth. and *Homaliodendron papillosum* Broth., respectively.

Key words: China, *Homaliodendron*, Neckeraceae, nomenclature, *Pinnatella*, Taiwan, taxonomy
