Each session is £3 per person. Please see ticketing system to confirm time slots and levels on offer. Tickets per session are extremely limited and are sold on a first come, first serve basis (see rule 3 for maximum ticket purchases per month)

In order to allow as many dancers as possible to enjoy some of our sessions, we have restricted bookings to a maximum of 3 sessions per month, per venue, per person. You may book 3 sessions at Clanfield and 3 sessions at Horndean in a calendar month. If a session hasn't sold out 24 hours before it is scheduled to start, the remaining tickets go on general release and are available to everyone, on a first come first serve basis.
4. During these sessions, we will be live streaming for those dancers that can't attend. We ask for silence / no chatting during recording. This is both during dancing and between dances. Clapping is permitted. Many apologies for this ruling but it is the only way we can offer our services to everyone even if the dancers can't join us in the venue due to social distancing restrictions.
